

Most words in the English language follow rules just like students follow rules in their classroom. Vowels and consonants are put together to make words. The words are sounded out by where each vowel and consonant is placed in that word.

C stands for consonant

V stands for vowel

CVVC = First vowel is long, second vowel is silent

VCV = First vowel is long, second vowel is silent

VCCCV = First vowel is short, second vowel is silent

CVCV = First vowel is long, second vowel is silent

CVC = Vowel is short

CV = Vowel is long

Write in the missing letters.

c v c

c _ p
