

Perimeter - Square/Rectangle - Perímetro

Español

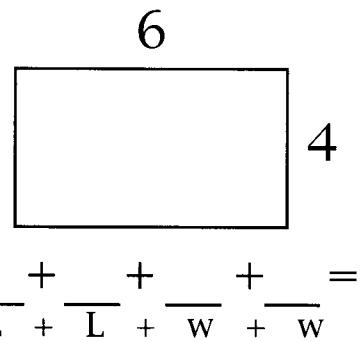

Page 96

La distancia alrededor (área exterior) de una figura cerrada tal como un cuadrado, rectángulo, o triángulo.

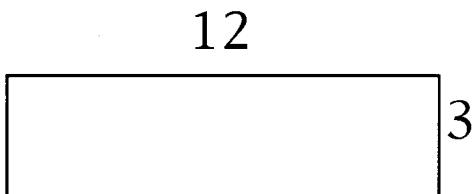

$$\underline{\quad} + \underline{\quad} + \underline{\quad} + \underline{\quad} =$$

$$\underline{L} + \underline{L} + \underline{w} + \underline{w}$$

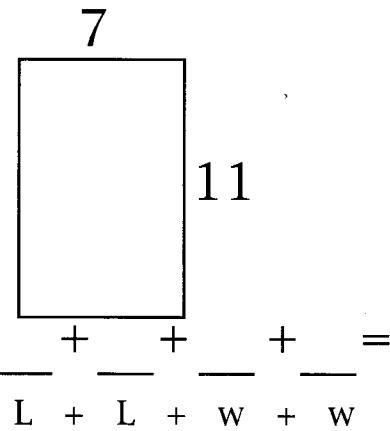

$$\underline{\quad} + \underline{\quad} + \underline{\quad} + \underline{\quad} =$$

$$\underline{L} + \underline{L} + \underline{w} + \underline{w}$$

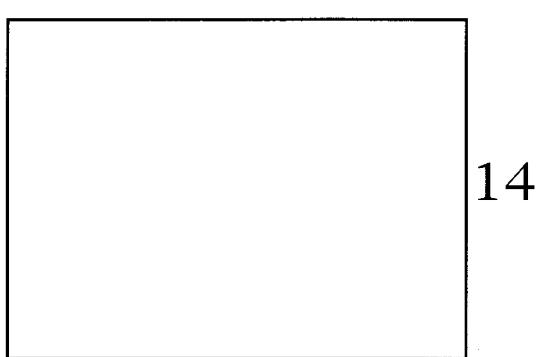

$$\underline{\quad} + \underline{\quad} + \underline{\quad} + \underline{\quad} =$$

$$\underline{L} + \underline{L} + \underline{w} + \underline{w}$$

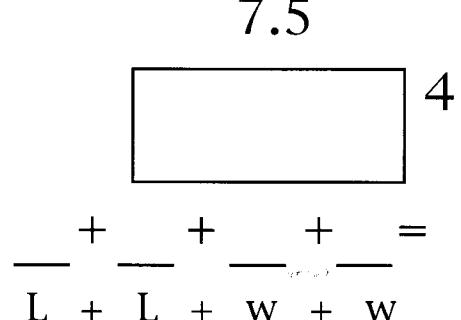

$$\underline{\quad} + \underline{\quad} + \underline{\quad} + \underline{\quad} =$$

$$\underline{L} + \underline{L} + \underline{w} + \underline{w}$$

$$\underline{\quad} + \underline{\quad} + \underline{\quad} + \underline{\quad} =$$

$$\underline{L} + \underline{L} + \underline{w} + \underline{w}$$

$$\underline{\quad} + \underline{\quad} + \underline{\quad} + \underline{\quad} =$$

$$\underline{L} + \underline{L} + \underline{w} + \underline{w}$$
